RE: Lifting of State Freeze on All State Funds Including State Receipts  
(Effective Immediately)

---

We recently received welcome news from the Office of State Budget and Management that the State freeze that went into effect on July 24, 2009, has been lifted, except for the following additional requirement. All travel and compensation adjustments from State funds must be pre-approved by the department head. The new requirement is to ensure that the department head is aware of, and approves, a trip or compensation adjustment before the action occurs.

Thank you.
