TO: All Permanent Employees

FROM: Ashley Nicklis, Interim Senior Director, Benefits Services Office of Human Resources

As you may have seen, Governor Perdue vetoed legislation that would have made changes to the State Health Plan on Wednesday. We had planned for UNC-Chapel Hill's annual enrollment to begin next week; however, this recent development will cause the enrollment period to be delayed.

We understand that some of you may be concerned and want to know what changes to expect. It is difficult for us to determine, at this point, when we might expect a new bill to be presented, but we are monitoring this legislation very closely.

It is possible that the annual enrollment period could occur after the spring semester has concluded. We will send out updates as we have additional information to share. Please monitor your communications from our office over the next several weeks for news on the State Health Plan changes and annual enrollment period.

If you have any questions, please contact your Benefits Counselor or call 962-3071.
